

GRAINS & FORAGE PLANTS (O)

Superintendent: Candace Jagel
370-7664, jagel@wsu.edu

Location: Ag Tent

Premiums:

Blue	\$5
Red	\$4
White	Ribbon Only

Rules:

1. All sheaves of grain shall be three inches in diameter at the middle tie. Heads should be pulled down around the outside so as to form a cone-shaped head on the sheaf. The leaves are removed and bottoms cut off square.
2. Vetch and peas should be bound to a stick to keep them straight. Hay should be one flake, tied and free from disease and insects.
3. Grain and seed must be of one variety: free from weeds, chaff and dirt, yet untreated. Exhibit in standard pint jar.

Class I: Sheaves of Grain

Lots:

1. Barley
2. Oats
